

Today. *Tomorrow.*

Connecting you with the information today of the technology tomorrow.

Better. Faster. Safer. Now. — Buy a new PC with the new Office.

Your old PCs could be costing you. On average, a PC 4+ years old cost an additional \$426 a year in maintenance, plus \$1,260 in lost productivity?*

Take those figures multiplied by the number of devices your team is using, and we're talking thousands of wasted dollars on old machines.

But as a Microsoft Silver Certified Partner, we can help your company move to the latest technology and avoid these downfalls.

So, why should you upgrade now?

1. You can earn up to \$400 per device in cash back when you trade in ANY old phone, tablet, or PC for new Windows 10 devices.† Plus, if your business adopts Office 365 before June 30, you could earn up to \$25/seat in investment funds for partner services.
2. Windows 10 devices have up to 2.5 times better performance, 3 times the battery life and 4 times faster wake speed than a 5-year old laptop, plus simplified multi-tasking in the new Office.
3. Built-in, high-tech security features in new devices protect your data and keep you safe from viruses and attacks.

To find out more call your Intellicom Account Manager today at 308-237-0684 Option 2.

Intellicom adds additions to staff

Intellicom continues growth with the addition of TJ Hickey as Service Desk Coordinator and Tanner Cline as an Information Networking & Telecommunication Intern.

TJ Hickey is the Service Desk Coordinator for Intellicom. In this position, he will be answering customer calls and email; starting and assigning service tickets; and handling the daily shipping and receiving. Prior to Intellicom, TJ has experience in customer service and order fulfillment for Amusemints in Denver, Colorado. In this role, TJ has worked with large retailers like Disney, Dillard's, and Bed Bath & Beyond.

Tanner Cline is an Information Networking & Telecommunications Intern for Intellicom. In this position, he will gain experience in industry best practices in a variety of areas including management, customer service, and hands-on exposure to a variety of technologies and technical practice areas. Prior to Intellicom, Tanner worked as an Assistant Retail Manager at Great Platte River Road Archway and a cashier at All-Points Cooperative in Callaway.
